What to Expect When Taking the CASAS Reading and Math Assessments

To complete the CASAS Reading and Math assessments, please be aware of the following guidelines:

- You must bring a valid driver's license or non-driver's ID for identity verification.
- Plan to be on-site for approximately three hours—1.5 hours for the math and 1.5 hours for the reading assessments. However, if you complete an assessment before the allotted time, you may proceed to the next section.
- Though it is a timed assessment, we encourage you to take your time and carefully read each question before selecting your answer. The assessment contains no trick questions; reading thoroughly will help ensure accuracy.
- Test administrators are not allowed to help answer the assessment questions. However, if you experience any technical difficulties, please raise your hand, and we will be happy to assist in resolving any access issues.
- Upon completing both assessments, please log out so we can retrieve your scores. You will receive a printed copy of your results on the same day.
- For guidance on your next steps, please contact your referring agency.

Thank you, and best of luck with your assessments!
